## Site Map:

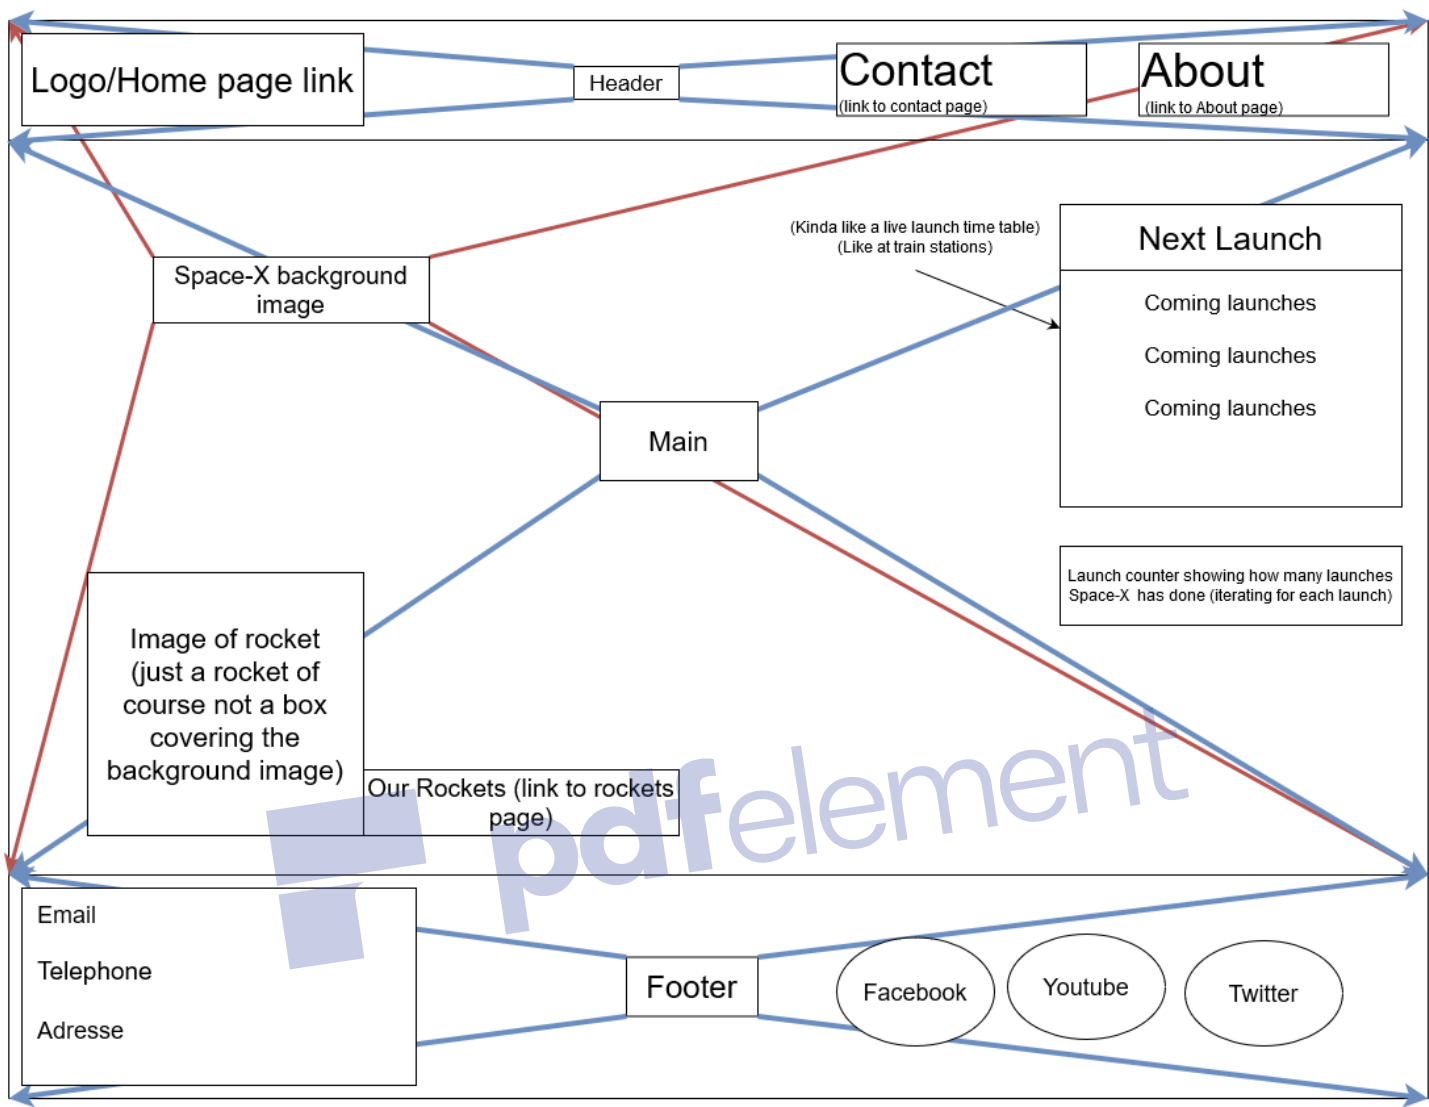

## User Stories:

1. As a guest to the Space-X micro site I would like to get an instant view of what they are offering and be enticed to explore. So that I can eventually make use of their product
2. As a user of the Space-X micro site I would like to be able to see the launch schedules so that I can plan my time accordingly and be prepared.
3. As a user of the Space-X micro site I would like to be able to contact the company for whatever reason. And feel safe and welcomed when doing so.
4. As a user of the Space-X micro site I would like to see the history of Space-X to get some insight into what they are about.
5. As a creator/admin of the Space-X micro site I would like to have control over what the users see so that I can help them at all times.
6. As a creator/admin of Space-X micro site I would need to be able to change the site in regards to the flowing market. Whenever the need arises.
7. As the owner of Space-X microsite I would need to have full access to everything related to the site at all times since it is mine.
